SEWAGE PLANT NEARLY READY

Work At The Disposal Plant Is Practically Finished—Will Cost About \$120,000—During Past Season Eight Tons Of Chloride Lime Used To Treat Sewage—Operation Will Add To Electric Power Load.

The new disposal plant that will cost the Town of Grimsby in the neighborhood of \$120,000 is very nearly completed, and should be in operation "within a very few days" according to Mayor Henry Bull.

The opening of this plant will certainly add headache to the current hydro shortage. No quota has been allowed for the operation of the plant, and it will mean that everyone will have to sacrifice a bit more to compensate for the forty horse power that the plant will use. Officials of the hydro state that the forty horsepower will amount to approximately 1462 kilowatt hours.

The Mayor expressed satisfaction over the fact that very few complaints had been received this summer concerning the sewage disposal, while the new plant was under construction. He said that over eight tons of chloride of lime had been used to combat the open sewage. He further stated that no cases of infantile paralysis have been reported here, which would appear to be a positive sign that officials of the waterworks had done a good job under precarious conditions.

The plant replacing the aged one that was not only too small, but also inadequate for the proper processing of sewage is a project that will mean much to Grimsby, for undoubtedly it is as modern a plant that exists anywhere, and will mean much to the betterment of the town.

Four two horsepower motors, one thirty, two one and a half and one half horsepower motors will be required for complete and satisfactory operation of the plant. Superintendent Andy Henderson states that the one thirty horsepower motor will of necessity be in operation twenty-four hours of each and every day.

THE POPPY FUND IS THE TRUST OF LEGION

Organization Has A Solemn Obligation To Render Aid To Their Comrades—Buy A Wreath.

There is a wave of enthusiasm spreading throughout all Branches in Ontario to make this year's sale of Wreaths and Poppies as large, that all past sales will look mighty small.

It is not difficult to find the reason as the members know that every Veteran Wreath or Poppy sold is fulfilling the Legion's very solemn vow and obligation to render aid to their comrades, particularly those who have suffered because of their service to their King and country, and who must have our help.

Vetcraft is an organization which is under the Department of Veterans Affairs for the production of handicrafts, wreaths and poppies, which makes it possible for the handicapped ex-service men and women, who could not find employment in the open market, to have a certain independence. The Legion have the honour to be the sole selling agent for the maintenance of Vetcraft. There are no paid (Continued on Page 11)

TURN OFF THAT LIGHT

We cannot blame the Hydro for the lack of rain. We must all save the Kilowatt, that is very plain. So let's try together, both day and night, TO SAVE ON THE POWER AND TURN OFF THAT LIGHT.

In the present Power Shortage condition, The Hydro Electric Power Commission Ask you to help them in the fight. And when unnecessary—TURN OFF THAT LIGHT.

May we remind you it's in your power, To help to save the Kilowatt Hour. We call upon you in all your homes To—where ever you go—TURN OFF THAT LIGHT.

They do not want a shop to shut And do not want a pay envelope cut. They are forced to state "It's serious quite So please remember to—TURN OFF THAT LIGHT.

Now Management Labour and Housewife, too, The saving of Hydro is up to you. To enable the Hydro to state with delight That everyone is helping—TO TURN OFF THAT LIGHT.

There were several old timers that the above photograph brought back fond memories of other days in the Old Forty. This picture is at least 45 years old and depicts, in theatrical garb, two former Grimsby boys who went forth in the amusement world and made good on the vaudeville stages of the United States and Canada with their gentle tramp act. The one on the left is Dave Livingston, a younger brother of the late Jas. A. Livingston, then publisher of The Independent and an uncle of the present editor of this newspaper. The other young hobnob was Harry Jenkins, a step-son of the late George Smythe, who at that time was Mine Host of the Mansion House (now the Mansion apartments). At the time this photo was taken the late Daniel Burkholder, a carpenter and cabinet maker, lived on Elm street and was a great bicycle enthusiast. Some years previous he had constructed a bicycle entirely of wood that really operated. It was all wood even to the finely made sprocket wheels, the only iron used being the steel tires on the cut down buggy wheels and the steel bicycle chain. The boys secured this wooden wheel and used it in their act. Livingston is still alive and living in Chicago. Jenkins died some years ago in Pittsburgh.

TOURING NORTHERN MINING COUNTRY IS A REVELATION

INSTANTLY KILLED WALKING ON HIGHWAY

Young Vineland Girl Struck By Car On Saturday Night—Was On Right Side Of Road.

Mary Boldt, 16-year-old daughter of Mr. and Mrs. Peter Boldt, R.R. 1, Vineland, was instantly killed on Saturday night when she was struck by a car driven by George Knight, 28, of Vineland Station. The unfortunate girl was walking along a country road with Muriel Bowers, a girl friend. Miss Bowers was unharmed.

The two girls were on their way to Muriel Bowers' home. They were (Continued on page 11)

Brother Of Grimsby Man Surveyed And Started The Development Of Rouyn, In The Quebec Mining Field—City Now Has A Population Of 13,000.

(By W. Pinder)

On several occasions I have explored rather extensively amongst the rocks, lakes and streams of Ontario's northland. In 1907 my brother Nelson discovered gold in the Gowganda district of Ontario and I joined him there. I have written of my experiences in respect thereto on a previous occasion.

Some twenty-five years ago Nelson was exploring north of the Peace River in the Province of Alberta when advice reached him from a friend, a mining engineer, to the effect that an old prospector had reported a valuable find of gold in northern Quebec. A few days later Nelson Pinder stepped from an airplane on the shores of a small lake among the rocks of Quebec's northland. Representing an organization, of which he was the president, he immediately proceeded to survey a town site, which they named Rouyn, of which he became the first Reeve and later, for seven years, served in the capacity of Police Magistrate.

This summer, at the invitation of my brother, I had the pleasure of spending a few weeks as his guest in the Rouyn district. By an act of the Quebec Legislature the municipalities of Rouyn and the adjoining mining centre of Noranda have been given the status of cities and encompass quite a large area. Rouyn has a population of 13,000, while Noranda is credited with having 9,000 people. Both are growing rapidly.

If you wish to purchase land in one of these municipalities you will find the title you obtain quite (Continued on Page 5)

POWER CUTS IN TOWNSHIP

Switches Pulled For Half An Hour Between 11.30 And 12 Noon Monday Through Friday—So Far Grimsby Has Escaped Cut Offs—Manufacturers Are Doing A Swell Job Of Conserving And Domestic Users Must Also Do So.

So far the Town of Grimsby has escaped the act of having switches pulled, while the rural areas got their first daytime blackout on Monday. There appears to be little doubt but what the rural sections have failed to co-operate, and have therefore failed to keep their power consumption within the assigned quotas. Areas affected are the Townships of North Grimsby, South Grimsby, Clinton, Gainsborough, Caistor and Louth. Their service will be interrupted from 11.30 to 12.00 noon, a peak hour on the quota—and a time which will make people realize that the situation is indeed grave.

It is quite apparent that the Hydro Commission are ready to play ball with those places such as the Town of Grimsby, which have made a definite effort to conserve. The effort here has been most gratifying, and the reward for this co-operation is the fact that we have not suffered from a power interruption—yet.

Industrial plants have been largely responsible for the town staying close to its quota. Domestic users on the whole have co-operated magnificently, and it would be a pleasure to say that we have won the battle. However, officials say that not only must we continue to save every last bit of power, but also must increase our efforts if switch pulling is to be averted.

The Growers' Cold Storage, who are the largest consumer in the Town, have launched a big scale effort to conserve power having cut down 300 horsepower for two hours daily last week, and will continue to make this savings long as it is humanly possible to do so, and still operate their plant satisfactorily.

The Metal Craft by staggering their working schedule have also aided the cause considerably. Both canning factories are also the source of a saving at the present time. The Livingston Avenue plant as well as the Robinson Street plant are practically closed down, and will be until the processing of full pears commences around the first of November.

Hydro officials continually try to impress on the domestic user the fact that no saving is too small. To use a minimum of lights in the home—shut off the electric range as soon as possible after using—burn no outside lights—these are but a few of the many means by which we can assist in preventing a power interruption here.

The rural areas that must now be plagued with power interruptions, have failed to realize that it is absolutely essential to save everywhere and every kilowatt hour possible. Until such time that they meet their assigned quota, the interruptions will occur daily.

Summing up our own situation without too much of gloom or optimism, Grimsby has made an honest effort to conserve. This co-operation with the Hydro Commission must continue—so effort must also be increased.

COUNCIL CONSIDERS POLICE APPOINTMENTS

In special session Monday night, members of Town Council interviewed applicants for positions of chief and constable on the local police force. A further interview is to be held on Friday night and announcement of appointments will be made shortly.

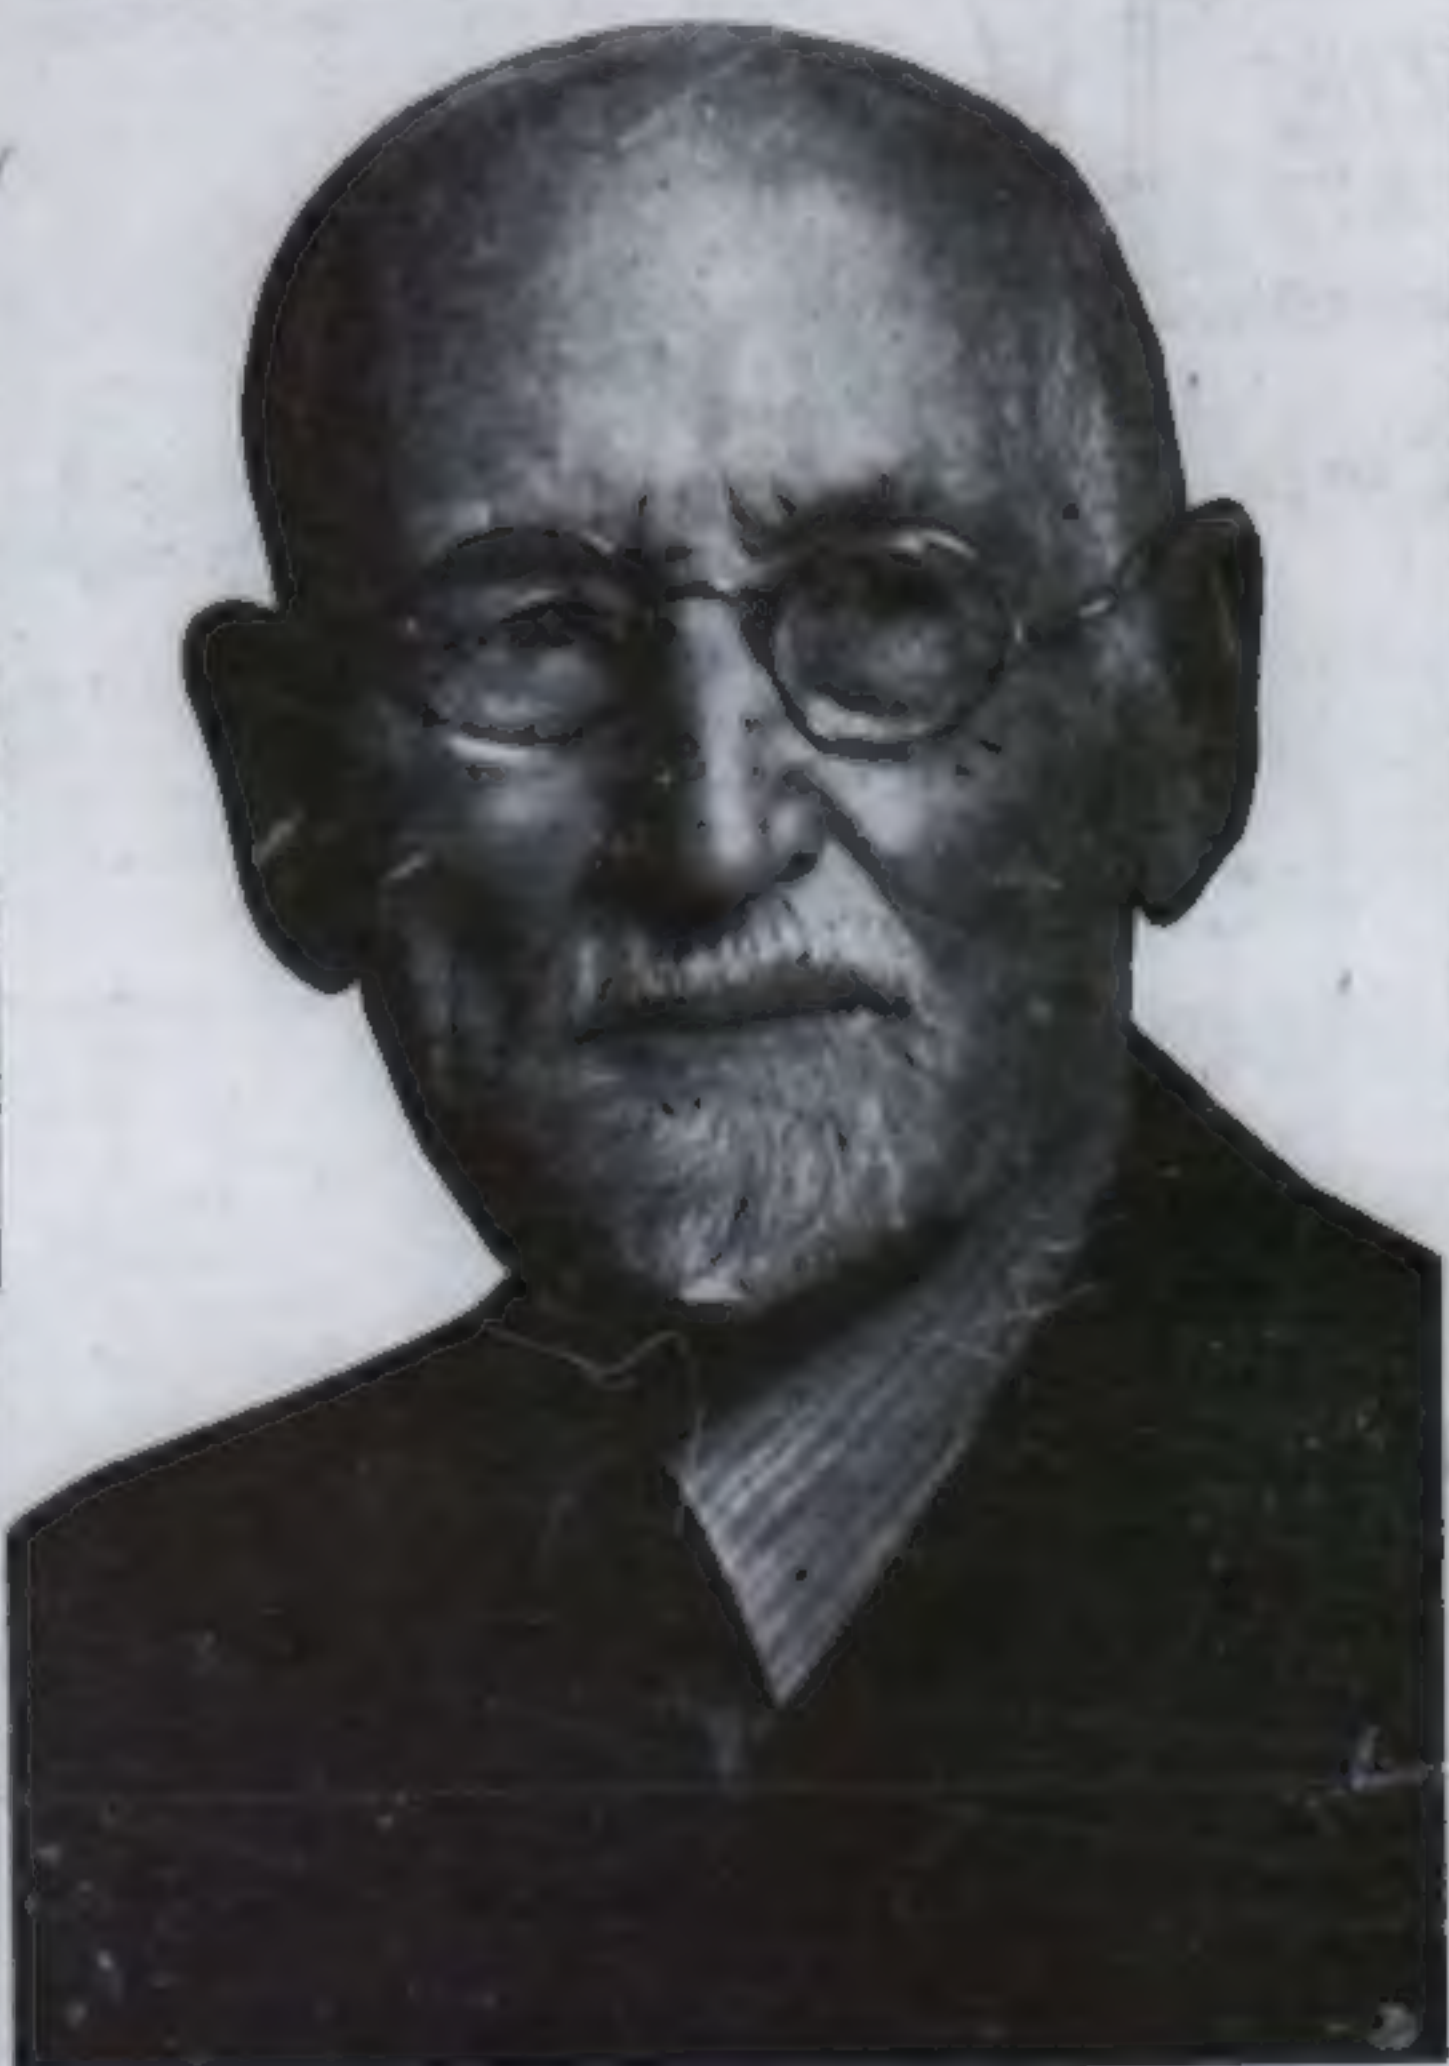

One of those who recently applied for the position of chief was according to Councillor C. M. Bonham, withdrawn his application. He is W. J. Murray, retired inspector of the Toronto Police Force, who has been on duty here for the last week, and who will remain until the new chief takes over.

Ex-Detective Sergeant E. R. Horne, also of the Toronto police force, who came here through arrangement with the Police Association of Ontario on a "fill-in" basis until appointment of a new chief, remained only one week.

W. W. Turner, chief constable for the last nine years, resigned on October 2 to accept another position.

PIONEER OF FRUIT DISTRICT CROSSES THE GREAT DIVIDE

Honorable E. D. Smith Passed Away Last Friday Evening In His 95th Year—Founded Present Business Firm In 1882—Pioneered In The Development Of New Fruit Varieties—Was The Originator Of The Pure Fruit Jam Industry—First Elected To Parliament In 1900—Was Member Of Canadian Senate For 33 Years.

A long and useful life was ended last Friday evening with the death of Hon. E. D. Smith, 95, at his home "Helderberg" in Winona, Minn. One of the great pioneer builders of the Dominion of Canada, he was a member of the Canadian Senate for 32 years and was dean of the Upper House until he retired, owing to ill health, early in 1946.

He was the founder of the firm of E. D. Smith and Sons, Limited, of Winona, a pioneer in the fruit-growing and marketing industry, and the originator of the pure fruit jam and jelly making industry in Canada.

In failing health for some time, he became critically ill several days ago.

Of United Empire Loyalist stock on both his mother's and father's side, Hon. Ernest Darnell Smith was born in a log cabin in Saltfleet Township on December 8, 1853, a son of the late Sylvester and Isabella D. (McGee) Smith. His grandfather, Silas Smith, one of three brothers, came to Canada the Revolutionary War, settled at the "Fifty" just east of Winona, and in 1802 received a deed of land for 200 acres at the "Fifty" and 400 acres on the Mountain.

It was Senator Smith's vision and enterprise as a young man that resulted in the fertile acres of the Niagara Peninsula being developed into the garden of Canada, and later founded the Canadian jam and jelly making industry.

His father was a grain farmer but this did not appeal to the youth who was later to become a Senator. His intention to become a civil engineer was frustrated by his eyesight becoming affected by overstudy. Sure he could make a success of fruit growing, he obtained a few trees and with these and his limited enthusiasm as his entire stock-in-trade, he started in a small way in 1877. Not many years rolled by before his dream came true and he was producing high quality crops that attracted attention among his neighbours in the then sparsely settled district. The demand for fruit increased to such an extent that new orchards were set out and it was not long before the Niagara fruit belt was well on the way to being established as the garden of Canada which was to bring millions of dollars annually to those who followed his example.

He propagated new varieties of fruits and found only sale for them. The name of E. D. Smith became known throughout Canada, and interest in fruit growing spread. So that others might have trees, he started nursery in a small way in 1882. Like his fruit growing enterprise, it developed on a rapid scale and his products were making a name for themselves across the country and his

SECURITY PLAN FOR LINCOLN

Under Proposed Set-Up All County Employees Would Be Covered With Life Insurance, Sick And Accident Benefits, Hospital, Surgical And Medical Attention—Pleasant Shooting Dates Will Not Be Changed.

At the opening of the October sessions of the Lincoln County Council in St. Catharines Tuesday, Warden Frank Laundry of Beamsville and the members of the council were presented with a comprehensive plan for employee insurance benefits for their consideration.

In submitting the plan to the council, to be known as the Lincoln County Security plan if adopted, Mr. Thomas Jarvis of Toronto, and Mr. George Walker of St. Catharines pointed out that adoption of it by Lincoln is one method of saying thank you to employees for long and faithful service. Mr. Jarvis outlined life insurance, sickness and accident benefits and hospital, surgical and medical aspects of the proposed group policy for the employees of the county.

Mr. Jarvis also pointed out that seventy-five per cent of the some sixty-odd employees of the county must participate if the plan is to be put into operation. The matter was referred to the finance committee of the council for further consideration.

Past Pres. J. Hall Judd and Secy. Thomas Church of the St. Catharines Branch, Canadian Legion, interviewed council at the opening of the sessions with regard (Continued on Page 11)

BISHOP PRAISES LIFE WORK OF LATE SENATOR

Final Tributes Paid To Honorable E. D. Smith—Large Attendance At Funeral Services On Monday.

The funeral of Senator, the Hon. E. D. Smith, held from his home at Winona Monday afternoon, was attended by a large number of persons from all walks of life, including prominent political figures, business associates, employees and friends.

The service was conducted by the Ven. Archdeacon G. F. Scott, D.D., rector of St. John's Church, Winona. His Lordship the Bishop of Niagara, the Rt. Rev. L. W. Broughall, read the lesson and gave the address, also the closing prayer and the blessing at the graveside.

Speaking of the late Senator Smith as a pioneer who helped to develop the country, as a Canadian in larger life, and as a churchman, Bishop Broughall said: "A favourite text of mine is: 'The path of the just is as the shining light which shineth more and more unto the perfect day.' As Canadians, as a people who live in this wonderful part of Canada, and as churchmen, we pay tribute to one who has lived so long here and who has lived so intimately with the development of the district and country."

"He has had a great part in the political, economic and social life of his country. In the passage of his life, he developed and enriched this part of the country and, with a small beginning, developed a (Continued on Page 11)

LINCOLN HEALTH UNIT REPORT FOR THE MONTH OF SEPTEMBER

The population of the Unit area is given as 70,356. During the month there were 41 marriages reported. There were 146 live births and 48 deaths, 3 of which were infants. The chief causes of death were: heart disease 26; cancer 7; pneumonia 3; accidental 3; tuberculosis 0; all other causes 9.

CLINICS

Chest: There were 4 clinics at the St. Catharines General Hospital, with a total of 111 examinations. At the beginning of September our register showed 578 cases of tuberculosis. 7 new cases were reported and 0 cases moved in. There were 2 deaths, 2 cases moved out, further follow-up not necessary 1, so that the total number of cases on the register at the end of September was 580.

Child Health: There were 30 clinics held during the month with a total attendance of 811; registrations 126; return visits 685.

MEDICAL SERVICES

Office Work: During the month there were 131 vaccinated against smallpox; 18 completed diphtheria toxoid; 181 completed diphtheria toxoid with pertussis vaccine; also 134 certificates were issued. This work was done for 180 infants, 146 preschool, 166 school pupils, and 134 adults.

Elementary Schools: 71 examinations were done in the schools with the parent present, 26 by request, 47 special examinations, with a total of 406. 223 pupils had no defects, 23 were referred for observation and 43 were reported to the parents because of defects. (Continued on Page 5)

True independence is never afraid of appearing dependent, and true dependence leads always to the most perfect independence.

FACTS & FANCIES

Frank Fairborn, Jr.

A GREAT MAN PASSES ON

It is with the very deepest regret, that I have to write this editorial.

Ernest Dismail Smith has gone home to His Maker. That he was prepared to go at any time, is without question, otherwise His Maker would not have left him here until his advanced age of 96 years to continue the good that he had always given out.

When he was born he was just E. D. Smith. Then through the years he became Senator E. D. Smith. Then through his own wisdom he resigned from the Red Chamber and became the Hon. E. D. S. Smith. But all through those years he never was to himself, or to his people, anybody else except plain "E. D." Right until the day of his demise he was with himself, as well as his people, just "E. D."

E. D. Smith was a self made man with a heart for his fellow man. He only went into politics in the first place in order to save Wentworth County, Lincoln County, and adjoining counties from starvation, if that is the proper word, for in 1900 those counties were absolutely on the edge of starvation owing to lack of restrictions on the part of the then present government in allowing American fruit to flood our markets and the lack of government help in developing our own fruit industry.

"E. D." decided to change the picture. He resided in the toughest county in Ontario to decide it in. But being an honest man who was trying to build his own country and his own industry he agreed in 1900 to accept the Conservative nomination and fight the battle. He had a worthy foe in the late W. Oscar Sealey. But he went into battle with the firm conviction that Wentworth County and the rest of the Dominion was not being properly done by. While it was a tough struggle at that time he proved it in the end.

In his first bid for parliamentary honors, and working for the citizens, he enlisted the aid of the late Jas. A. Livingston, who all through his campaigns was his political manager, and between them they got organized all the good men of every township in Wentworth County. Men who had Wentworth and the Dominion at heart, the same as "E. D." had, and the result was "E. D." was elected.

Those were hot election days in Wentworth. But they were days in which "E. D." in the final analysis proved to be the "Moses" that led the Farmers of Wentworth and the Niagara Peninsula out of the wilderness.

The last time that I talked to this Grand Old Man, which was not too long ago, he said, "I am getting on, but I think I have done my job."

"E. D.", you have passed on, but you have left behind you a very rich heritage. A heritage rich in a million ways. A heritage that is rich in billions to all Canadians, in your service in the Canadian Parliament and the Canadian Senate; a heritage in the work that you accomplished in the development of the fruit industry and then the jam industry; a heritage in the family that you raised and fostered and sent forth to battle the wars of the oppressor. Your heritage is rich in any way that any person in any walk of life wishes to look at it.

As the years go on the fruit growers of this district are going to find out that "E. D." is gone. Not in one way, not in two ways, but in a dozen ways. But that is life.

To me the passing of E. D. Smith seems a link, not only a personal one, but one that hooked up the whole peninsula. Fortunately he has left behind sons and grandsons that are imbued with the same idea of development of the district and the fruit industry that he created so therefore the name of E. D. Smith is not going to die, which is a great thing for this district, also for Canada.

It is an easy matter to write an effective advertisement. Any statement of what goods cost, coupled with a brief description of the articles offered, is highly interesting to the public.

OPEN HOUSE.

In the bad old days industry generally played its cards very close to the chest indeed. That was when oligarchs, like Commodore Vanderbilt, could and did adopt the attitude, "The public be damned." That attitude died decades ago, but it is still remembered, to everyone's hurt.

Today, more enlightened thinking is doing its best to dim that recollection. It is recognizing that misinformation can be as damaging as prejudice and that both are the enemies of enterprise that is the heritage and hope of all free people.

So the changed thinking, the realization that prejudice cannot live with understanding, is leading many enterprises to attempt to take the mystery out of their operations. By permitting the public an inside view of the conditions under which men work, by letting them see what workers do and by showing the problems involved in relation the various phases of great industries, they are replacing mystery with understanding. So they are doing something toward rooting out the belief that when industry is big, it must be wrong.

Steel is one of those commodities that can't be made in a pocket. It entails huge plants, armies of workers, skilful management and a vast outlay of money. All these things lend themselves to possible misunderstanding because they tend to depersonalize work and the worker.

That is probably the thought behind the recent "Open House" at The Steel Company of Canada at Hamilton. You don't invite company unless you believe that the house is in order.

Thousands visited The Steel Company plant. Office managers, experts in metal, representatives of industries, service clubs, churchmen, businessmen and thousands of secondary school students from Hamilton, Toronto and other nearby centres were part of the two days of plant tours. But, more important than any of these, the families of the company's workers were invited as honored guests.

We see in this a wise and hopeful gesture. Part of the duty of free enterprise is to remove the misapprehensions that cluster about it, that the millions who benefit may come to realize that freedom is the only key to the sort of life they want.

SLOW UP AT TWILIGHT

Contending that early darkness contributes to October's usually high toll of child traffic casualties in Ontario, officials of the Department of Highways urge drivers to take account of this factor, and reduce speed at twilight. October, they point out, is the worst month of the year for traffic fatalities among school age children. Darkness is beginning to settle when they start for home; and in the dusk they are less perceptible to the motorist. Less light requires less speed if accidents are to be avoided.

Children themselves, say officials, should be taught to understand that early darkness makes them less visible to the motorist; that they themselves can see an approaching car seconds before its driver can spot them. Parents, teachers and other influential persons should impress on children the need for crossing streets only at intersections and only when there is plenty of time to reach the other side before traffic reaches them. Another good safety habit at night is to wear or carry something white, say the highway spokesmen.

The provincial drive on child traffic ac-

Dear Policeman

(By Florence C. Wood, in Christian Science Monitor)

The letter had been addressed neatly with a soft lead pencil in a childish hand. When it arrived at the police station in a large middle western city, the captain on duty noted the New Jersey postmark, then tore the envelope open carefully. Doubtless, it was just another inquiry about a lost relative, he thought.

The letter had been painstakingly written upon rough scratch paper such as grade school children use for their arithmetic problems. The t's were carefully crossed, the i's dotted, and the first word of each sentence was a bit blacker than the rest, as if the pencil had been wet with the tongue each time a new thought was begun.

"Dear Policeman:—" he read. "We just got home last night from a vacation on my uncle's farm in Iowa. We stopped in your town on our way home and I left my red baseball cap in a restaurant. I need this cap very much as I play shortstop on the baseball team on our playground. I hate to ask my father to buy me another cap as it cost quite a lot for us to take this vacation.

"If you aren't too busy, would you find my cap for me? I don't know which restaurant I left it in, but it was on a busy street with a streetcar line. I remember there was a black-and-white cat washing her face in the restaurant window as I went in. I hung my cap on a hook on the wall and didn't miss it until we had driven 10 miles. Here's my address if you should find the cap. I will be very much obliged.

"Your friend, Jerry Miller."

accidents, launched before school opening," is being continued throughout October. Press, radio, schools, service clubs and many other public and private agencies are giving strong support to this enterprise and its slogan, "Ontario cannot afford to lose one child."

A WONDERFUL BOUNTY

Providence has been kind to Canada this year, and particularly in Ontario, the farmers will reap a fine harvest. But some amazing crop facts and figures come from the United States, truly a land of bounty this year. All crops will beat, by eight per cent, the all-time high in United States farm history. Vegetables are up by seven per cent over the average. That basic food, corn, for poultry and cattle, will be counted in 3,568,000,000 bushels, the output for the season.

East and West are golden in this autumnal period, and here are the figures: The cranberry crop is 2 per cent larger than the record set in 1937.

The prospective dollar yields of these blue ribbon yields also is impressive. The corn crop, figured at \$1.78 a bushel, the prevailing price, is estimated at \$6,250,959,900. Wheat, at \$1.97 a bushel, should bring \$2,829,029,900. Oats at 99 cents a bushel for 1,627,957,900 bushels would bring in \$1,609,140,339. Barley at \$1.08 a bushel for 317,340,000 bushels is worth \$342,618,200.

Rye at \$1.50 a bushel for 28,884,000 bushels comes to \$43,320,000. Adding this all up, the total value of crops on the farms, as at Sept. 15, is estimated at \$10,289,090,900.

Can we live next to a country of such magnificence and munificence without feeling it ourselves; and blessed, too, as we are in Canada, with almost prodigious bounty from Providence? There are hundreds of millions in China and Europe living on the border line of starvation, and more millions always hungry, which impels this continent, with its Christian faith, to become the bread basket for uncouth masses of humanity.

MR. DREW COMPLIMENTS WEEKLIES FOR FAIRNESS

The home town weekly has a special job to do and it does it in a special way. Free from the pressure of the deadlines under which daily newspapers labor, the weekly staff can make a careful and thoughtful study of local problems and improvement possibilities. The result is a considered viewpoint stemming from deep interest in community betterment.

Recognition of the unique contribution the weekly newspaper makes to Canadian life was given recently in an address by Premier Drew of Ontario to the 29th annual convention of the Canadian Weekly Newspapers' Association in Niagara Falls, Ont.

"The weekly newspapers of this country have a splendid tradition of impartial and fair reporting," he told the 300 weekly newspaper editors from all parts of Canada. "Because they are so close to the people in their own communities, they have at all times maintained the highest principles of a free press."

"While vigorous in their advocacy of what they believe will benefit their own community and the nation as a whole, their advocacy and their criticism is measured by a restraint and fairness which in itself is the thing most likely to protect a free press in the exercise of its great public service."

That's the way every editor likes to think of his paper as he tries to make little mirror and the record of community.

He likes to feel, too, that each reader makes good use of his home town weekly in making the community better, that young

Gather up your salvage for the Legion boys for Saturday the 30th.

The canoes of poor, half starved fruit growers for winter resorts in Florida will soon be starting.

HINGOO! The Legion boys are going to give out a lot of valuable prizes on Saturday night, October 30th.

Bill Fisher has broke out in another spot. He is now in the theatrical business being business manager of the Grimsby Players' Guild. What next?

people are encouraged to read about and appreciate the achievements of their own town, that citizens will write to the editor with suggestions for local improvements.

The weekly provides for its area a service no other newspaper can render. Its effectiveness often depends on its readers. In a good many cases, the interest and pride which citizens take in their home town paper is a yardstick by which to measure the spirit of the community.

WHICH IS THE CAPITALIST?

The Racine (Wis.) Journal-Times publishes a story about the workings of capitalism which needs no comment:

"Mary, a woman of Slovak parentage, has been employed for twenty-five years as help by day in the homes of several families. To one of her employers, at least, Mary had become a trusted friend, whose help has smoothed many rough places in her life. Mary, her husband, and her two sons, by thrift and frugal living have managed to purchase a beautiful apartment house which represents their future security. The employers no longer needing their large house, have sold it and have rented an apartment in Mary's building. Thus the 'capitalist' couple are paying rent to the family of 'workers.' Someone should tell the Russian people about this."

PRACTICALLY NO EDUCATION MAY BE A GOOD THING

From Carbrooke in England a farmer who recently celebrated his 102nd birthday offers an uncommon prescription for longevity. Farmer Bullen does not say that he is a centenarian because he abstained from alcohol and tobacco, or because he ate porridge without sugar every morning of his life, or because every evening he took a long walk before retiring. He may, or he may not, have followed a strict regimen, but if he did it either escaped his mind or he considered it of insufficient importance to mention. It is obvious that he believes that he owes his hoary age to no other factor but to circumstances arising from a total lack of formal education.

Farmer Bullen states that he went to school just once, and that was for half a day. A farmer offered him a job scaring crows—this opportunity presumably presented itself at luncheon—and he accepted the task. That, he says, was the end of school for him. There was, it appears, nothing in the curriculum that inclined him to believe that by resuming an academic career he would become a more capable and successful scarecrow. Having chosen his vocation, he resolutely discarded all pursuits that he considered irrelevant, inappropriate, or embarrassing. It is clear from his actions that he placed schooling in one or all of these categories.

That lack of formal education did not disqualify him from scaring crows efficiently or that in later years it failed to handicap him in the attainment of his ambitions, may be assumed from the fact that he speaks with a certain regret about the half day that he spent at school, as though it was time wasted which he could have employed profitably elsewhere. Indeed Farmer Bullen's ownership of a farm of 100 acres and his venerable age indicate that the course he followed was wholly adequate to his purpose.

Farmer Bullen is not dogmatic about his principles. He does not assert that a little education is a dangerous thing. He does not even suggest that no education at all is a highly desirable state. He merely allows his experience to speak for itself. A lesson, however, is escapable, and it seems to be that many people are not obtaining all that they had hoped from being educated, or that modern methods of education are failing to obtain the best out of people, or that if the purpose of education is to provide equipment for the achievement of health and happiness there are circumstances when one may be better off without it or with less of it.

A politician is the man who tries to use a platform as a spring-board.

Hello Homemakers! Hearty
 homespun foods are popular when
 the family get together. The fra-
 grance of bacon and corn bread on
 a chilly October morning is some-
 thing to awaken happy memories
 of days when breakfasts were
 made to be reckoned with; of
 country kitchens with wood crack-
 ling in the stove; of children shuf-
 fling through piles of gold and
 crimson leaves.

People like to remember the old
 family traditions but they are par-
 ticularly nostalgic about the dis-
 hes mother used to make—the pie,
 the biscuits, the pungent pickles,
 and similar delights. These hearty

BRAN CORNBREAD WITH BACON

feeds baking to fall minutes.

1 egg

1/2 cup sugar

2 1/4 cups milk

1 cup cereal bran

1/2 cup cornmeal

3 1/2 cups sifted pastry flour

4 1/2 tsp. baking powder

1 teaspoon salt

1/2 pound diced side bacon

Grease a 9 x 9 inch cake pan.

Preheat electric oven to 400 de-
 grees. Beat egg and sugar togeth-
 er, add milk, bran and cornmeal.

Sift flour with baking powder and
 salt and sift into first mixture.

Pour into prepared pan. Arrange
 bacon on top and bake 30 minutes.

Eight servings.

As a supper dish serve this with
 scalloped tomatoes or a creamed
 vegetable cooked in electric oven
 at same time as cornbread.

CHICKEN LOAF

Choose a 5-pound rather fat hen
 and have it disjointed. Barely cov-
 er the pieces with water. Add a
 few sticks of celery, a small onion,
 sliced, and two or three pieces of
 parsley. Bring to boil and then
 simmer gently until meat falls
 from the bones. When cool enough
 to handle, cut meat into small
 pieces and add the meat to 1 cup-
 ful white bread crumbs, 1 cupful
 milk, 1 cupful of the chicken stock,
 strained, salt and pepper to taste
 and 1/2 teaspoon celery salt. Stir in
 4 well-beaten eggs; pour into
 greased shallow pan, place pan in
 pressure saucepan and cook 20
 minutes at 10 lbs. pressure. To
 serve, cut in squares and serve
 with mushroom gravy made from
 remainder of chicken stock and
 sautéed mushrooms.

Serve with hot potato salad,
 cranberry jelly or some of your red
 currant jelly, mixed green salad,
 pickles and celery hearts.

MILADY'S FUR COAT

The part of Canada that leads in
 fur production is not one of the
 less densely populated provinces
 but Ontario, which has the great-
 est total population.

SMART CHOICE

A

By ALICE ALDEN

A wisely chosen dress takes the
 wearer through late summer into
 early fall with perfect confidence
 and sartorial satisfaction. Such a
 choice might well be this handsome
 dress of black crepe deftly moulded
 through the waistline and fringed
 in the fabric over the slim skirt.
 The interesting neckline is banded
 and finished with a V-shaped tab
 in the centre front. This is an ex-
 cellent background dress that lends
 itself well to important accessories.

MOCK MINCEMEAT

1 1/2 cups seeded raisins

4 medium apples

1 orange

(grated rind and juice)

1/2 cup cider

two-thirds cup sugar

1/2 tsp. cinnamon

1/4 tsp. cloves

2 crushed graham crackers

Cut raisins. Peel, core and slice
 apples. Combine raisins, apples,
 orange rind, juice and the cider.

Cover and simmer 10 minutes. Add
 sugar, spices and cracker crumbs.

Stir until well blended. Cool thor-
 oughly before using as pie-filling.

For a 9-inch pie.

CREAM FILLED SQUASH

Cut 2 pepper squash in half and
 scrape out the seeds and stringy
 portion. Place in pressure cooker
 with large whole scrubbed pota-
 toes. Cook potatoes and squash to-
 gether 10 minutes at 10 lbs. pres-
 sure. Remove as soon as cooked.

Pour the following creamed mix-
 ture into squash: To 1 cup cream
 sauce, add 1 cup of chopped cooked
 meat and season with salt, pepper
 and a dash of nutmeg.

INDIVIDUAL LIVER LOAVES

1/2 pound liver

1 1/2 cups mashed potato

2 tbsp. chopped onion

1 tbsp. chopped celery

1/4 tsp. salt

1 egg, beaten

1/2 cup milk

Parboil liver 5 minutes, and then
 put through food chopper. Com-
 bine liver, potatoes, and season-
 ings. Beat in egg and milk. Turn in
 greased muffin tins and bake in
 electric oven at 375 degrees for 20
 minutes. Heat a can of vegetables
 and bake 4 apples at the same time
 to conserve electricity.

Alice Allen invites you to write
 to her c/o The Grimsby Independ-
 ent, Grimsby, Ontario, Canada.

Just send in your questions on
 homemaking problems and watch
 this little corner of the column for
 replies.

WANT JOB PRINTING? — OUR SERVICE IS THE BEST

On Sunday, October 24th,

people everywhere will ob-
 serve United Nations Day ...

the third annual commemora-
 tion of the founding of the
 United Nations Organization.

And in Canadian homes,
 schools and churches, we will
 re-dedicate ourselves to the
 cause of a lasting peace ...

the cause of the United Na-
 tions.

Since United Nations Day
 falls on Sunday this year, our
 observance should be more
 than ever a prayerful one ...

an earnest hope, and a pro-
 mise of a real endeavour to
 foster friendship among the
 peoples of our world.

"WE CAN WORK IT OUT TOGETHER—OR FIGHT IT OUT ALONE"

FURNITURE MODERN THAT IS SIMPLE AND SMART

We purchased these bedroom groups from a factory noted for the beauty of the fine veneers it uses, and the fine workmanship which is seldom found in a suite at this price. Contrasting tones in the wood, large mirrors and unusual drawer pulls are worth noting.

Come in any time and look over our wide range of furniture. You will be surprised at our display and our reasonable prices.

SANITARY SERVICES
There was one house placarded unfit for human habitation; two children were bitten by dogs; three cases regarding ingredients in cream cheese and samples were sent the Federal Inspector for analysis. The sewage disposal plant at Grimsby should be completed by November 1st and in operation. The lagoon at the Canadian Cannery, St. David's, is completed and seems to be operating quite satisfactorily.

POLIOMYELITIS
Six patients have been sent from Lincoln County to the Polio Centre at Hamilton. One was diagnosed as polio, 3 were abortive cases and 2 were apparently not polio. None of the 4 cases were paralysed. In Ontario in 1948 to the end of September there have only been half the number of cases reported as for the corresponding period in 1947. The comparison is as follows:—
1947: Total Cases—679; Paralysed—147; Deaths 27.
1948: Total Cases—259; Paralysed—141; Deaths 16.

THREE PENSTOCKS, each 190 feet long and 14 feet in diameter will convey the water from the headworks to the turbines at Hydro's Stewartville development on the Madawaska River. The penstocks come in six to eight-foot sections which are riveted together by means of steel butt straps. Above and to the left of the riveters is the hoisting equipment. Scheduled for service this fall Stewartville will have a capacity of 60,000 kilowatts (80,000 h.p.).

TOURING NORTHERN

different. In Rouyn you may obtain title in Fee Simple, but Noranda is owned by the mining company of that name and they only grant a lease of surface rights. However, you may proceed to erect valuable buildings, as the lease provides reimbursement on a generous scale in the event of the company requiring the land in connection with their mining operations.

The population is about 75 per cent French, most of whom are Roman Catholic. I was surprised to find that a large percentage of the people speak, or have a workable knowledge of, the English language. In the dining rooms of the larger hotels the menu is printed in English only. To secure a position in these larger eating places, the waitresses are required to be able to speak both French and English.

My brother invited me to attend a banquet put on in a hotel dining room by the Kiwanis Club, of which he is a past president. Before the meal commenced, all stood while a blessing was invoked, then God Save the King was sung. All discussion was carried on in English. At the close "O Canada" was sung in French.

There are seven operating mines within a radius of twenty miles. My brother took me to see all of them.

Beer and wine is sold in hotels and grocery stores.

A good force of uniformed police operates throughout the cities and peace and order are maintained on the public streets.

These two cities are distant 400 miles north from Orillia, Ontario. You can take a train at Washago (a station twelve miles north of Orillia) at 7:30 p.m. and arrive in Rouyn at ten the following morning, sleeping peacefully in a first-class berth during the journey.

During my stay in Rouyn, the press of Ontario was printing large headlines announcing great forest fires raging in that district. We saw nothing of it. As a matter of fact, there isn't enough timber within a radius of twenty miles of Rouyn to make a sizable forest fire. However, the explanation may be that people from outlying points come into Rouyn to report.

Owing to my advanced age I found the life rather strenuous and returned to my daughter's home in Orillia to recuperate.

W. Pinder.

PIONEER OF FRUIT

far and near grew to such an extent that the business had to be enlarged repeatedly. Additional products such as grape juice, chili sauce, catsup, tomato paste, pie ingredients, maraschino cherries, etc. have been added until it has become the extensive Dominion-wide business now carried on by his son, Brigadier Armand Smith, and his grandsons, Llewellyn and Alastair. The business which he founded in 1882 became known as E. D. Smith and Son in 1911 when his son Armand was taken into partnership, and then, in 1921, when his other son, Leon, joined the firm, it became known as E. D. Smith and Sons, Limited. It was to be expected that an alert mind so closely linked with the country's development would be equally interested in public affairs, and this explains why the late Senator Smith entered the political field. A staunch Conservative all his life, he was elected in 1900 to represent the riding of West-

worth in the House of Commons. After serving for two terms, he was honoured by appointment to the Senate on May 26, 1913. After 12 years of service in the Red Chamber, he retired from that body in 1946 at the age of 82 years, at which time he was the oldest member of the Senate both in age and years of service.

Mr. Smith was one of the few men who were keenly interested in the formation of the Women's Institute in 1907, and was an understanding help-mate to his capable wife when she became the first president of that organization which has grown to such proportions and become a real factor in the life of the rural women of the world.

A devout churchman, he was a member of St. John's Anglican Church, Winona, which he helped to build, and where he served as a warden for 31 years and gave his wholehearted support in every way.

On March 24, 1888, he married Christina A. Armstrong, daughter of Elijah Armstrong, of North York Township, who predeceased him in 1932. To their union were born a daughter and two sons—Mrs. Gordon Conant (Verna), of Oshawa; Brigadier Armand A. Smith, and Leon Smith.

Every one who knew Senator Smith—and his friends were legion—had a deep and lasting regard for him. He radiated those qualities of life which made him known to all as a Christian gentleman. He enjoyed home life with his family and he found particular pleasure amidst the surroundings of his home.

With his business capacity, his love of work, his active interest in politics, his community and his country, it can be truly said that Hon. E. D. Smith was one of the great and sound pioneer builders of the Dominion of Canada.

Mr. Smith is survived by his daughter, Mrs. Gordon Conant, of Oshawa; his son, Brigadier Armand A. Smith, C.B.E., M.C., E.D., of Winona; and three sisters, Dr. Elizabeth Shortt, of Ottawa; Miss Gertrude Smith and Miss Violet Smith, both of Hamilton; also seven grandchildren and three great-grandchildren.

OUR IMPORTS

In dollar value, coal is Canada's second principal import; machinery is first.

Ho, hum! It seems the folks who know how best to run the country write newspaper columns or are radio news commentators.

HALF-WAY MARK

Newfoundland's Gander airport is about midway between New York and London.

In chasing dollars, it seems a man never overlooks a sufficient amount of them.

SUITABLE EVERY DAY

By PRUNELLA WOOD

ARLENE DAHL'S simple deep blue suit is the kind of woolen outfit which looks very well groomed and feminine, as is, and which serves beautifully beneath a heavy coat as a two-piece woolen dress when the weather turns really cold. The wool has a neon blue depth, making it one to stand out amongst even the brightest colors, and it lends itself to accessories of many contrasting hues. The coat closes high, in three-button groups, which are repeated down the front of the lap-over, slim skirt. Buttons are covered with self fabric. Arlene has this suit in her own wardrobe, to wear in Hollywood where she acts for MGM, or on her personal appearance jaunts.

Earl and Kay Tufford and Peter, St. Catharines, were visitors in Grimsby on Monday.

Friday night at the Parish Hall, Masquerade Party—9 p.m. Masks and costumes the order of the night.

Mr. and Mrs. Ted Fisher and children, Jimmie and Laurie, Ottawa, are visiting in Grimsby for a couple of weeks.

Mr. and Mrs. E. Gardham entertained friends of their son, Don Gardham, on Saturday night, prior to his leaving on Monday for Regina, to start basic training with the R.C.M.P.

Mr. David Ouchterloney, Organist and Choirmaster of Eaton Memorial Church, Toronto, will give an organ recital on the organ of St. Andrew's Church on Tuesday, Nov. 2nd, at 8.30 p.m.

Francis J. Burton, Paton St., recently received word from Winnipeg notifying him of the passing of his youngest sister, Mary Cecilia Burton after a lingering illness of nearly twenty-five years.

Dr. Neil M. and Mrs. Leckie are visiting with their daughter in Ithaca, N.Y., this week. They will go on from there to Kingston next week where Dr. Leckie is to give an address at Queen's University.

Miss Frances Dufor, Queen's University, Kingston, was home over the weekend, bringing with her as guest, Miss Beverly Johnston, Annapolis. They attended the rugby game in Toronto on Saturday.

ST. ANDREW'S GUILD

The first fall meeting of the Ladies' Guild of St. Andrew's Church was held in the Parish Hall last Tuesday, Oct. 11, when four new members were welcomed.

It was decided to hold the annual bazaar and tea on Thursday November 18, at the Parish Hall. The Guild has been working all through this year to make it a success.

In order that the congregation may hear a concert on the new Casavant organ in the church, it is hoped that Mr. Ouchterloney, organist of Timothy Eaton Memorial Church, Toronto, will come to Grimsby on Tuesday, November 2, in the evening. Tickets will be given free, to those interested, and a silver collection taken up after the concert. The Guild will serve refreshments at the Parish Hall afterwards.

The Guild has had the Parish Hall diningroom painted, and plans are being made to improve the kitchen. Other activities are also planned for the coming year. The executive consists of: President: Mrs. V. W. Thompson. Vice Pres: Mrs. M. S. Noll. Secretary: Mrs. E. B. Bourne. Treasurer: Miss F. A. Brown.

Trinity W.M.S.

The Autumn Thank Offering Meeting of the W.M.S. and Evening Auxiliary was held at Trinity United Church last Thursday evening.

Mrs. H. W. Powell presided, and Mrs. John Miller took charge of the worship service, assisted by Mrs. C. Boden and Mrs. J. Theal.

Mrs. A. Vickers sang a much appreciated solo, entitled "Publish Glad Tidings."

Mrs. Powell introduced the speaker, Miss Jean Donaldson, Missionary home on furlough from India.

Miss Donaldson began by dressing two of the girls in the audience in Indian costumes typical of the middle class and higher class Indian women, and displaying many articles in common use there, such as jewellery, charms, idols, etc., typifying their social customs and ancient religious beliefs. Her talk based on the subject "The Thirst for the Water of Life," was a word picture of many of her experiences as an evangelist in India, especially among the village people.

Miss Verna Lewis moved a hearty vote of thanks to Miss Donaldson for her very interesting and inspiring talk.

The W.M.S. will hold their November meeting, in the Baptist Church, on the 3rd Tuesday, Nov. 16th.

PLAYERS' GUILD WILL PRODUCE SMART PLAYS

The people of Grimsby and district are in for some really good entertainment during a few of these long, cold nights of the coming winter. Because the Grimsby Players' Guild, who had an excellent reputation last winter, are coming up with even bigger and better productions this season. Most of last year's troupe are back again, along with some new faces

Mr. John Cowan, Toronto. Well known as a writer and publicist. A senior director of the Upper Canada Bible Society with a long and wide experience. He will be the speaker at the Bible Society Service in Trinity United Church on Sunday, Oct. 24th, at 7.30 p.m.

(and more are always welcome), and presently are hard at work on one of the most popular and funniest of all comedies, "The Male Animal." In choosing "this play" they guaranteed for themselves a stiff test of their ability, for the "Male Animal" is strictly "Big time." It was first produced on Broadway in 1941 and has been going good ever since. Even the movies made a hit out of it which many people probably remember. It is a difficult play to produce, but the Guild members feel sure they will do it credit. If they do they will have graduated into the ranks of the better dramatic groups in the province. With three rehearsals a week for over a month—which is what Director Molly Lucas expects it will take to perfect the play—"The Male Animal" will be presented December 2nd and 3rd.

So get your tickets early folks. And speaking of tickets, here is the way the Season's Ticket Plan of the Guild works:

- (a) A person who intends to see all the Guild's performances this season purchases a ticket card which entitles him admission to all performances; also makes him a voting member of the Guild.
- (b) In order to get a reserved seat, the ticket card is shown at a ticket depot (which will be announced later).
- (c) The ticket cards are transferable.
- (d) They cost \$2.00, thus saving you \$1.00 on four performances.
- (e) They are convenient; get yours now from any member of the Grimsby Players' Guild.

WEST LINCOLN BIRTHS

Oct. 13—To Mr. and Mrs. Donald Irvine, Cherry Beach, a son.

Oct. 14—To Mr. and Mrs. Ross Beamer, Smithville, R.R. 2, a son.

CARD OF THANKS

I wish to thank friends for flowers, cards and kind enquiries while I was in West Lincoln Memorial Hospital; also the nurses for their unlimited kindness.

Alberta Fellows.

THE GRIMSBY INDEPENDENT

St. John's W.M.S.

The first autumn meeting of the Women's Missionary Society of St. John's Church was held at the home of Mrs. W. Sangster, Elizabeth St., with a good attendance. The opening prayer, offered by Mrs. Burkh, president, was followed by reports from various branches of the Society.

Minutes of the June meeting were read and approved and Mrs. A. Stevenson gave a report on the sectional meeting in Hamilton.

Rev. Mr. McLeod was present and explained to the ladies that he would like some arrangement made whereby mothers of young children could attend Sunday morning service while the babies were cared for by ladies of the Society.

After some discussion it was arranged that two members would be chosen for each Sunday, and that notice to that effect would be given from the pulpit.

Mrs. J. Tait, who had charge of the study book, read parts of Matthew, 18th chapter, and Mrs. A. Stevenson reviewed work done by Presbyterian missionaries in British Columbia.

Two verses of Psalm 109 were sung and the Misses benediction recited in unison closed the meeting.

In November a thank offering service will be held in the church with a guest speaker. The date to be announced later.

Mrs. Sangster, assisted by Mrs. Reiss and Mrs. Young, served refreshments to which all did justice.

Coming Events

The W.C.T.U. will meet October 26th, at 3 p.m., in the Baptist Church. Rev. A. L. Griffith will be the guest speaker. Members and friends, give him and our new president a good audience.

Card of Thanks

The family of the late Mrs. Charles Book acknowledge with grateful appreciation the kind expressions of sympathy from neighbours and friends, also beautiful floral tributes, during their recent bereavement. Sincere thanks also to Doctors MacMillan and Bowers, and to Rev. Mr. Gravenor, Smithville, and Rev. E. A. Brooks for their comforting words. Our heartfelt thanks to the Brooks-Layton Nursing Home for kindness and care.

Women's Institute

The Grimsby Women's Institute met in the Legion House on Tuesday evening, Oct. 19th. Musical education was the subject for discussion.

The Christmas cards that have been on sale for a month are greatly in demand, the W.I. finding it necessary to order more.

Mrs. Chas. Pottruff, a W.I. member for some 43 years, who is now ill in St. Joseph's Hospital, is to be remembered by the members of the organization.

A report by Mrs. Geo. Warner, 1st Vice-Pres. of the County, on the District Directors' meeting held in St. Catharines last week. A membership of 50,000 is the objective of the Women's Institute in the near future. Local Leadership lectures are to be held in St. Catharines on Nov. 2nd and 3rd. Full particulars may be found in the local papers.

Money for the work of the Victorian Order of Nurses was voted on, this being a project of the Institute, in addition to the Health Clinics here and elsewhere.

The president, Mrs. Wm. Layton, was appointed official delegate to the Area Convention being held in the Royal Connaught, Hamilton, on Oct. 21st and 22nd.

A wreath has been purchased by the W.I. for the Armistice Day service.

The W.I. agreed to cater for the Lawn Bowlers' Banquet, date to be set.

Two members were chosen to work with the I.O.D.E. in canvassing the district from Nov. 1st to 20th in the interests of St. John's Ambulance Society, which is officially recognized as the first-aid instructor in the British Commonwealth of Nations. Blood grouping is the most recent of The St. John's Ambulance service.

A social interval and a solo by Mrs. L. Larsen, "Bless this House" brought a pleasant evening to a close.

Coming Events

ALEXANDER REBEKAH LODGE: Everybody welcome to the Penny Bake Sale in Masonic Hall on Tuesday evening, Oct. 26th, at 9 o'clock. Tickets and light refreshments, 35c.

AN OILY MESS

More than 80% of all petroleum produced in Canada comes from Alberta.

(The Trivium)

"Mid-Fall Frolics," which were to begin at 8, didn't get started until 8:30. Bernie McMillan and Alice Demerling, a graduate of O.H.S., got the ball rolling with a Rings Dance and the students carried on from there.

The auditorium was effectively decorated by lower school students with autumn leaves and coloured streamers.

The winners of the various dances were as follows: Val Smith and Herb Ewbank, another graduate, won the Elimination Dance; Spot Dance winners were Catherine Uren and Jim Juras, Margaret Hogan and John Frydyk, Barbara Foss and Lesie Lindemann, and Carol Baxter and John Millard; Alice Demerling and Ralph Parrell were winners of the Broon Dance.

The prizes in each case were show tickets kindly donated by the management of the Rosy Theatre. Refreshments served about 10 p.m. were the traditional cakes and cookies.

Thanks goes to Mr. Colhoun, our chaperone for the evening, and to all those students who played records, decorated the hall, served refreshments and made the evening of fun.

Thursday, Oct. 14, our Junior boys bowed in defeat to the stronger Ridley team. Our younger inexperienced players are not to be looked down on, however, for they were outwitted by at least 10 boys per boy and they were gaining experience if not touchdowns. They were defeated but not conquered. You'll see them in there again this week, fighting with the determination that will bring victories in future games.

In the last quarter Jim Lawson, who played a good game, was knocked out. His constitution is tough though and he recovered without any serious injuries. Howard Walters, who kicked for Grimsby's only point, was the outstanding player of the game, but one can't do it all and each boy was in there fighting.

The final score was 17-1 for Ridley. At least one team went home happy and victorious!

The Grimsby line-up was as follows:

Snap—Tuer, Wicharak.
Inside—Fogacher, Allen, Simpson, Wicharak.
Middle—Kille, Senack, Christie, Ends—Tyndyk, Barron, Markovitch, Brodzki, Kapusky.
Centre—Lawson.
Quarterbacks—Robertson, Glanville.
Halfbacks—Glanville, Anderson, Walters, Verner.
Flying Wing—Protowski.

The Dramatic Club met for the first time in Grade 12 classroom on Monday afternoon. Under direction of Miss Glave and Mrs. Johnston, the club looks forward to a very enjoyable year of play reading and producing character portrayal, make-up, scenery, sound effects, etc.

The meetings are scheduled for every other Thursday in the auditorium at 4 p.m. Each meeting a play will be read by some of the members, giving each student a chance at "play-acting." Who knows, we may have another Sarah Bernhardt among us!

Future plans are plays for Commencement and Drama Night. Last year's Drama Night was a great success and we hope to have a repeater.

Club officers who were elected at the meeting are as follows:

President—Val Smith.
Sec.-Treas.—Don Mogg.
House Manager—Allen Bentley (who will choose his own committee).
Stage Manager—Donna Barron (who will choose her own committee).

Press Casting Committee—Irma Gaby, Mary Shewers, Albin Kewak, Shirley Anderson, Barbara Mason and Jennie Klowak.

All members (50 of them) are expected to help on various committees as well as take part in the plays.

Anyone wishing to put something in your column please send it to the item is filed in to one of the reporters by Monday noon. That's the deadline for Thursday's issue. Good news of all kinds is gratefully accepted.

Did you know, Students, that have a new school song? Well have, and both the lyrics and music were written by our own Mrs. Johnston. Let's show our appreciation to her by learning words for Friday's assembly. The words, kids, so let's be no excuses for not knowing them Friday.

"O-S-T-I-M-E-S-Y" high, now sing to thee

EASTERN STAR

Election of officers took place at the regular meeting of Grimsby Chapter No. 193, O.E.S., on Tuesday, October 19th.

The W.M. Mrs. Helen Elmer, presided, assisted by the W.F., Mr. Lawrence Hymert.

Guests were present from Beamsville and Dorcas Chapter, Smithville.

Several invitations to visit various chapters throughout the district were accepted. Letters of appreciation from recipients of our monthly food parcels were read.

Officers for the coming year are: Worthy Matron, Mrs. H. V. Betzner; Worthy Patron, Mr. H. V. Betzner; Associate Matron, Mrs. Arthur Clark; Associate Patron, Mr. Harvey Tufford; Secretary, Miss Verna Lewis; Treasurer, Mrs. John Lewis; Conductress, Mrs. Reg. Cloughley; Associate Conductress, Mrs. Harvey Tufford; Auditor, Mrs. Ruth Howell; Mrs. Nora Chambers, Mrs. Marjorie Hitchman.

Mrs. V. R. Farrell, who has recently moved to Aylmer, was presented with a suitable gift in appreciation of her many years of faithful service as organist.

The Worthy Matron gave an interesting and comprehensive report of the proceedings of Grand Chapter.

The grand prize drawing for the pair of Iroquois blankets and the pressure cooker resulted in Mrs. H. G. Mogg and Mr. W. E. Clark of Collingwood being the winners.

Lunch was served by Mrs. David Cloughley and her committee.

Grimsby Bible Society

Have you considered a Life Membership in the Bible Society?

Life Membership in the Upper Canada Bible Society is granted to those contributing \$50 at any one time. Life Membership in Grimsby Branch is granted to those contributing \$25 at any one time. All who are interested in the world-wide spread of Holy Scripture are invited to become Life Members. Mr. R. D. Colpitta, treasurer of Grimsby Branch, will be pleased to receive applications.

To learn more about the activities of the Bible Society, come to the Union Service in Trinity United Church on Sunday, Oct. 24th, at 7:30 p.m. NOTE THE TIME. Anglicans, Baptists and Presbyterians are joining in this special service.

Mr. John Cowan, of Toronto, a noted publicist and writer, and a senior director of the Bible Society is to be the speaker.

Special music will be provided by Trinity Treble Choir.

In addition to the special offering at the church service a canvass will be made, beginning Monday, Oct. 25th, to receive the contributions of the district generally. R. D. Colpitta is in charge of the canvass.

When meat was cheap

(From the Midland Free Press Herald)

A little brown note book has come into the possession of Huronia House which contains a record of meat bought by the late L. S. Rogers of Midland in 1896. Just peep at some of the prices which were paid for nice juicy cuts of beef in those days:

Three pounds stew 30c
Eight pounds roast beef 80c
Two pounds butter 25c
Nine pounds mutton 90c
Two pounds lamb chops 20c
Four pounds lamb 40c
Two pounds lard 25c

It is also recorded that Mr. Rogers was paid \$1 for killing pigs.

P-R-O-U-D-L-Y high, fly thy colours three

Red and black and white forever Stand for truth and high endeavour

So we swell the mighty chorus Sing as others have before us; Hail all, hail to Grimsby High We'll defend thee 'till we die Love thee ever, fall thee never, On to victory, Grimsby High!

NOTICE—The Christmas card has been chosen for this year so order now from your Form Representatives.

COMING EVENTS

Thursday, October 21st, our Jrn. will play a return game with the Ridley squad down at the College. These boys need support as much as the Jrn., if not more, so show your team you're behind them by getting down there somehow.

Last week's Jr. game was postponed because of some mix-up at Ridley. This Friday our boys will meet the Green and Gold of Beamsville at 4 p.m. on the B.H.V.S. gridiron. Try to get down for the game students. Beamsville can hold their own. Let's see if we can drown them out, eh?

GOINGS — COMINGS — DOINGS

Grimsby Beach

MISS MAY CRITTENDEN.

Resident Staff Correspondent.

Telephone Your News Items To Her.

Mrs. T. Shaw spent last week visiting friends at Niagara Falls.

Miss Marion Beck, Paris, spent the weekend at her home on Park Rd.

Mrs. K. Eccles and Mrs. D. E. Grassie are spending the winter in Stone Pier.

Rev. and Mrs. A. McGowan and Miss Lily Gilbert have returned to Toronto for the winter.

The Knapp cottage on 10th St. will be occupied by Mr. and Mrs. C. Hamill, for the winter.

Mr. and Mrs. G. W. Devitt are spending the winter in Mrs. Whyte's cottage, Park Ave.

Mrs. H. D. Morris, Montreal, visited last week at the home of Mr. and Mrs. M. R. Johnson, Park Rd.

Mr. and Mrs. F. C. Higgins and son, Donald, from Toronto, are spending the winter in the Graham cottage, Park Ave.

Mr. and Mrs. E. H. Gooderham and Mrs. Cherry, Toronto, spent Sunday with Mr. and Mrs. W. Furniss Clarke, Park Rd.

Havelock Jewson was home over the weekend. He had the misfortune two weeks ago to break a bone in his right wrist.

Miss Marjorie Mowbray and Miss Irene Hart have returned to Toronto after spending the summer in the Stafford Cottage.

Visitors at the home of Mr. and Mrs. G. W. Crittenden on Tuesday were Mrs. W. Dumbleton and Mr. and Mrs. George Dumbleton, all of Toronto.

Mr. and Mrs. F. Bucher and Martin, Schumacher, are visiting Mrs. Bucher's parents, Mr. and Mrs. M. Dukovak, Hunter's side-road, for two weeks.

Mrs. S. G. Hawley, Central Ave., has sold her house to Mr. and Mrs. G. Grubb from Beamsville. Mrs. Hawley and Helen are moving this week to Belleville, where they have purchased a house. Their many friends will miss them in the district but all hope they will be happy in their new home.

GRIMSBY BEACH CUBS

Saturday's "Apple Day" was a grand success, thanks to the generosity of Grimsby Beach residents and the diligence of the Cubs. At Friday's meeting of the Cubs the really shined up their apples in preparation for the big day, and their spontaneous and hearty rendition of "The Looking Over A Four-Leaf Clover" was almost too much for the Home and School meeting, which was being held upstairs. The executive of that club acted as judges for the boys' decorated baskets, and awarded first prize to Senior Sister John Gillespie, whose apple basket was indeed handsome. Hans Yimar's yellow

basket with pictures and cub motto took second place, but it must have been hard to select winners, as all the baskets looked very gay.

Outdoor games were enjoyed after the baskets were packed and Akela passed Fred Lee on the "Time" test. Our next meeting will be this Thursday instead of Friday. Good Hunting, Cubs!

GRIMSBY PARK PARENTS' AND TEACHERS' ASSOCIATION

The first fall meeting of the Grimsby Park Parents' and Teachers' Association was held at the school last Friday afternoon. The election of officers for the ensuing year took place, with the following being elected: President Mrs. M. S. Nelles, Vice-President Mrs. J. P. Hogan; Sec.-Treas., Mrs. Fred Lee.

The President welcomed many new mothers to the Association and hoped that they would continue to attend who have children in the school. Several projects for the coming year were discussed and committees appointed to carry them out. It was hoped that the large attendance would continue again this year at each of the Bridge and Euchre parties sponsored by the Association, for it is through this means that the Association is able to carry on its practical activities for the children. Arrangements were made to hold the first of these parties at the school on Friday, November 19th. At the close of the business meeting, refreshments were served by Mrs. Fred Lee and Mrs. Wray Betts.

FAREWELL PARTY

The Dorcas Bible Class of Grimsby Beach gave a farewell party to Mrs. S. G. Hawley and her daughter, Miss Helen Hawley, who are leaving the Beach to live in Belleville.

Misses Miriam and Eva Cline received the guests at their beautiful home on Nelles Blvd., where a very enjoyable afternoon was spent. At the conclusion a dainty lunch was served and gifts of a salad bowl and butter dish were presented to the guests of honour from the ladies, a towel from Mrs. W. J. Bonney and a pretty china teapot from Mrs. E. Burgess.

Mrs. Hawley and Helen were both teachers at the Beach Sunday School and will be greatly missed by all. Everyone wished these two dear friends a safe journey to their new home.

Coming Event

Trinity Service Club are holding their annual Bazaar on Thursday, November 4th, from 2 to 6 o'clock at Masonic Hall. There will be fun for children and adults—fish pond, tea cup reading, displays, bazaar sale, and many attractive articles for Christmas gifts for you to buy.

FRUIT BELT INTERSCHOLASTIC
FIELD MEET AT BEAMSVILLE

For the first time since the war, the Fruit Belt Interscholastic Track and Field Meet was held, with Beamsville playing the role of host to Merritt, Thorold and Smithville High Schools. Grimsby High did not enter this year's meet.

The full day's program commenced at nine o'clock on the Beamsville field, with ideal weather conditions giving the affair a big break. All schools were well represented, not only with their track and field stars, but with enthusiastic cheering sections.

The scene was most colorful, and a great deal of credit is due to the teachers who handled the many events, with a little extra praise for Mr. Merle Welch of the B.H.S. staff.

Points were awarded on a five-three-one basis, and a contestant was only allowed to enter only three events. In declaring a school champion, the enrolment of the school played an important factor. Beamsville with the largest student body divided their total points by six, while Thorold divided by five. Smithville with a division point of only two were therefore on an equal basis with the larger schools.

As is usually the case there were a few individual stars. Thrilling the large crowd with his brilliant sprinting, Bill Neal, a Beamsville student who hails from Vineland, easily won the 100 and 200 yard dashes, with times of 11 seconds and 26 seconds respectively. Tommy Hayakawa another Beamsville sprinter was a spectacular entrant in the 440 and the 880 which he won hands down. Both Neal and Hayakawa were instrumental in winning the 960 relay for B.H.S.

Bob McNichol, six foot five student of Merritt High, and an Ontario amateur boxing champion, added his school's chances, particularly in the rugby throw. McNichol, with a heave of 163 feet eight inches won this event with yards to spare.

A boy by the name of Jukes was prominent for Merritt, winning the 100, 220 and 440 dashes in the intermediate class. Merritt's Albu and Alva walked off with most of the events in the junior class, to clinch the championship for Merritt High School.

The following are the individual champions and the school-champs for this rival of the Fruit Belt Track and Field Meet.

GIRLS

Senior	Mabel Hough, Thorold—18 points
Intermediate	Joyce Harold, Thorold—11 points
Junior	C. McKay, Thorold—13 points
Senior	E. Hoffman, Smithville—13 points
BOYS	
Senior	Bill Neal, Beamsville—15 points
Intermediate	E. Jukes, Merritt—15 points
Junior	R. Albu, Merritt—15 points

Merritt	181 pts. by 4	48.25
Thorold	151 pts. by 8	36.2
Smithville	80 pts. by 2	20.5
Beamsville	104 pts. by 8	17.3

Complete list of events and winners is as follows:

SENIOR GIRLS

75 yard dash—Freure, Beamsville, 9.7.
100 yard dash—Freure, Beamsville, 12.

SPORTRAYAL

By "HIGH" MCGREGOR

Appropriately enough the weather changed with the opening of the hockey season. The National Hockey League goes underway last week, with most team managements claiming that their respective teams were no where near peak form. The world champion Maple Leafs lived up to this perfectly on Saturday night, when they looked pretty bad against Boston.

The Hamilton Tigers in Senior hockey were rated as a mere shadow of their former selves. The whole guard had apparently deserted the ranks, however, when the opening whistle opened festivities in the Barton Street igloo, most of the Tigers were in there pitching. The Tabbies won both of their games, so all is well in the Am-

bitious City. At least until the Fire Marshall starts thinking about closing the much discussed Barton Street arena.

Rex Williams' beloved Tee-Pee also got away to a great start winning from Galt twice over the weekend. The Teepee took on St. Mike's this Friday in the Garden City Arena. Junior hockey had a great year last winter, and the brand of hockey these youngsters dish out is well worth the trip to St. Kitts. The Independent carries a weekly schedule of all Tee-Pee home games.

It is only one the home front, right here in Grimsby, that we can find very little to report on at the present time, as to when, what and how the 1948-49 Peach Kings will stack up. Behind the scenes, plenty of "what we shall call, formation stuff," is going on. Coach Jack McVicar is a man who is going to be darned sure what its all about, before he makes any press releases.

The enthusiastic hockey fans of the district are already getting themselves worked up into a lather about what calibre hockey we definitely can ascertain that they favor a good strong Senior "B" team. They too realize the possible woes that befall any other team of a lesser calibre, particularly when it comes to bolstering the team with imports. Only to find when the chips are down, that certain players are not eligible. The fans appear to have had enough of this.

In order to see a Senior "B" team requires a terrific amount of foundation work. To say nothing of the expense involved. We, along with the hundreds of faithful supporters of the Peach Kings hope that we will have a Senior team. Ideas have been formulated and perhaps it will be a reality. We'll keep you posted.

Looking into the future, Coach Dan Awde last week fielded a team of youngsters all from

STAMP RECORD

The demand by stamp collectors for the 1947 Dr. Alexander Graham Bell four-cent stamp broke all Canadian records.

Grade 8, against a Ridley squad of more experienced and considerably heavier players. The Grade Niners, most of whom had never played a real honest to goodness game of football before, took a seventeen to one trouncing, but in the eyes of their coach they did a remarkable job. We agree. Would ven-

ture to say that even before this football season is over, these same kids will put up a very good show against future opponents.

Sportrayal recognizes this week the efforts put forth by the staff of the Beamsville High School, in getting the Fruit Belt Track and

Field Interscholastic Meet back on the sports agenda. A very successful day was held at the Beamsville School, and it is to be hoped that the ball will be kept rolling, until such time as all secondary schools in this eastern end of the peninsula will take an active part at the annual meet.

Doomed to extinction?

A duck that nests in trees and prefers wooded swamps to open water! That's the Wood Duck, the most beautiful of our waterfowl. They are well protected by law, but the draining of wetlands and clearing away of the dead tree trunks they nest in presents a serious threat to their survival. Everything you do to preserve their natural nesting areas will help to conserve the Wood Duck for years to come.

The Labrador Duck became extinct before 1900. Today 44 stuffed specimens are all that remain of this little sea-duck, showing what happens when sound conservation practices are neglected.

Station Agent Pulls Man from Tracks in Nick of Time WINS DOW AWARD

**EDWARD McNAMARA
OF GLASGOW STATION, ONT.
risks life to save stricken man
from wheels of moving train**

The morning local was just about to pull out from Glasgow Station, near Arranport, Ontario. Royce MacKlaim was standing by his truck, close to the tracks, when the train began to move. Side-stepping quickly to avoid a shower of water thrown from the train, he lost his balance and stumbled... striking his head against his truck. Temporarily stunned, he fell directly across the tracks — underneath the second last coach of the slowly moving train!

ACTS IN SPLIT SECOND

In what seemed like a fraction of a second, station agent Edward McNamara, who was also on the platform, leaped to the man's assistance. At great risk to his own life he grasped MacKlaim by the ankles and dragged him clear of the tracks — just as the heavy wheels passed over the spot where his head had been, seconds before.

MacKlaim suffered from shock and a gash on the head... but, thanks to the almost unbelievable speed, courage and presence of mind of the agent, was otherwise unharmed. We are proud to pay tribute to Edward McNamara of Glasgow Station, Ontario, through the presentation of The Dow Award.

MacKlaim lost his balance trying to avoid a shower of water from the train. In doing so, he struck his head against the back of his truck and fell onto the tracks, under the train.

Although the truck driver suffered from shock and a gash in the head, he was otherwise unharmed — thanks to the action of the quick-thinking station agent.

**The
DOW AWARD**

THE DOW AWARD is a citation for outstanding heroism and includes, as a tangible expression of appreciation, a \$100 Canada Savings Bond. Winners are selected by the Dow Award Committee, a group of editors of leading Canadian newspapers.

SPORTOLOGY

(By Bones Livingston, Sportologist)

SPECIAL DESPATCHES FROM SPORTLAND—Hockey is in the air. The fans are getting ticky. OLD POP McVICAR is beginning to spend a lot of time down town. It won't be long now until the rafters of the old ARENA will be ringing with cheers and OLD TOM WARNER will be monarch of all that he surveys. ... LITTLE KELLY JARVIS was heard to remark to one of her school chums the other day that it would not be long until she would be going for weeks on end without knowing what her Daddy looked like. ... The long evenings and the cooler nights are bringing the sport boys back to THE BOWL-AWAY and WHEELER'S BILLIARD ACADEMY in Socha. ... If present plans of the PEACH KINGS hockey executive go through the KINGS are going to see a lot of their old friend and pal FATHER O'DONNELL this coming winter. ... HARRY GARR of Aldershot was in town on Saturday. Away back shortly after the turn of the century this lad started to learn his trade as a pressman in the old Independent office (Fruit Bell Restaurant) and in 1906 went to Hamilton and worked as a pressman with the Appleford Co. He has been head pressman with this firm for a great many years. In his youth he was known all over Ontario as one of the best five and ten mile road runners that ever followed the dirt trail. In those days he was known as PACER GARR owing to his peculiar gait of running. His running days ended on VIKY RIDGE where he lost a foot. PACER is managing a hockey team this winter in the Hamilton Industrial League and was in town making arrangements for practice hours at the Arena. ... The lovely damsels in THROCKMORTON'S office are beginning to realize that it will only be a short time until they will be climbing higher and you over hockey equipment in order to get their work done. ... Speaking of THROCKMORTON, that guy has more alibi than a bound dog has bone.

IT LOOKS LIKE IT MIGHT BE SENIOR "B"—A lot of things have been happening since this Great Moral Educator and Profound Moulder of Public Opinion came off the press last Thursday morning. OLD POP McVICAR, who plays hockey in his sleep, informed this column on Saturday morning that it looked very much like the PEACH KINGS would be cavorting around on GEORGE MARR'S frozen water as a Senior "B" outfit this winter. GEORGE PATTERSON of the Brantford Indians has picked up the idea broached last spring by this column and is now working on the formation of a six or eight team group to play Senior "B", all teams being blessed with artificial ice. The tentative line-up of teams as it stands now is Niagara Falls, playing in Welland rink, Simcoe, Brantford, Georgetown, Grimsby, St. Catharines and Woodstock. Waterloo is definitely out of the picture. Milton will not be in this year as the new rink is not completed and will not be completed in time for the Halton county towners to get in the game. Simcoe may also be a doubtful starter as there is a great possibility that they will not be able to ice a team of good enough calibre this winter to play in a Senior "B" group. The new Simcoe rink is finished and they are all ready to go in that respect. More information about them will be forthcoming the end of the week.

The formation of this Senior "B" group is the best thing that could happen to the towns mentioned. They all have artificial ice surfaces and they all must have good hockey teams and good gates in order to keep those ice palaces in operation.

With the PEACH KINGS going Senior "B" it will enable them to use players from any spot on the map that they are able to grab them off from. In this connection OLD POP is keeping pretty mum, but you can bet all the doughnut holes in Canada that he has something under his lid in connection with players.

Hans and Hutchinson will definitely be back with the KINGS and there is still a chance that CLANCY will be wearing a King sweater and not a Tiger sweater. COMFORT is very definitely a Tiger player for this winter.

Scouts from all over the province are scouting around this district looking for players and they are certainly handing out some very juicy offers, some of which are being accepted by players and some not. That is one reason why OLD POP is playing the dummy act as to the whereabouts of a lot of good ice talent.

Another 10 days or two weeks will clear the whole hockey air and then we will know just where we sit and where we play.

HAROLD HARRIS HEADS PEACH KINGS' CLUB

Hockey is just around the corner here in the Fruit Belt, and just what fans hereabouts will see, when, before too many weeks have elapsed, the Peach Kings of 1948-49 take to the ice, is as yet not available for release. However, one thing certain is that the team will be a strong entry, and from the ground up will be a team well worthy of the Peach King trade mark.

On Sunday afternoon a general meeting was held in the Village Inn, at which last year's slate of officers resigned their positions, and a new executive was elected to office.

Prior to election of officers, Harry R. Dowle, capable 1947-48 president of the Club gave a brief summary of last year's business. He stated that a balance of \$108 remained in the treasury after all accounts had been settled.

Secretary Frank McPhail acted as Chairman, and told the meeting that this year four directors would be added to the executive, as well as an associate publicity director.

Heading this year's Club will be a relative newcomer to Grimsby, Harold Harris, owner of Harris Motors. In accepting the presidency of the Club, Mr. Harris said that he deeply admired the great organization that played here last winter and the spirit of the people of the district who backed their team.

The office of Vice-President will be held down by a Burlington sportsman, Duke Hann, father of Russ Hann who played on the Championship Peach Kings of 1946. Frank McPhail was unanimously returned to the secretarial post, while Reg Henderson, accountant in the Canadian Bank of Commerce was placed in the treasurer's office. Dyle Lawson was elected to the office of Publicity Director, and Gord McGregor was elected to the new post of Associate Publicity Director on the executive.

Three directors were appointed, H. R. Dowle, William Hewson and Don Aude, a fourth director will be appointed later. This position to be filled by a member of the team, appointed by the team.

Seemingly the most important offices were filled last, that of Coach and Manager. The coaching worries will again be handled by Jack McVicar, the man responsible for bringing Peach King teams

back in the limelight and the war had disrupted hockey in those parts. With one championship tucked away, and two floods in three years, McVicar was the unanimous choice for this important post. Johnny Miller will again act as assistant coach.

The success of any club is dependent on a capable manager, and in this department Herb Jarvis who has done an outstanding job over the past three years, will again take over the managerial position.

Other business discussed included the souvenir programme, which this year is expected to be larger and more informative than in the past. The programme, the major means by which the Club derives an income with which to get a team on the ice and in operation, and the executive are hopeful that those who have advertised in this programme in the past will again come to the fore in their usually fine manner. Bill Hutchinson and Gord McGregor have already started getting the programme lined up under the supervision of Dyle Lawson, publicity director.

HYDRO CONSUMERS ATTENTION PLEASE

All customers of The Hydro Electric Power Commission of Ontario, residing in the Townships of North Grimsby, South Grimsby, Clinton, Gainsborough, Caistor and Louth, will have their service interrupted from 11:30 a.m. to 12:00 noon each day from Monday to Friday, inclusive, until further notice. This interruption will affect farms, hamlets, and industries obtaining power from the Commission's rural service.

This action is now necessary because the rural areas have failed to keep their power consumption within the assigned quotas.

Each consumer is urged to save electric power to the limit of his or her individual capacity in the hope that by the individual action of these consumers additional interruptions will be avoided and that eventually interruptions may be discontinued altogether.

BIG PLOWING MATCH MACHINERY DISPLAY

On Wednesday next, October 27, the 24th annual plowing match of the Lincoln County Plowman's Association will be held on the farm of Victor Book, three miles south of Beamsville, and with good weather it is expected that it will be the largest and best match yet held in this county.

Besides the large list of classes and special events there will also be a large display of farm machinery of every description. There will be special prizes for the youngest and oldest plowman taking part and also several trophies for special events.

Lunch will be served on the grounds at noon and at 7.30 in the evening the annual banquet and presentation of prizes and trophies will be made in the Tinsler church. The public are cordially invited to attend this plowing match and machinery display.

Councillor Peter Marlowe of North Grimsby is secretary of the association and J. H. Eadie, North Grimsby, is the 1st vice-president.

CONTINUATIONS

From Page One

INSTANTLY KILLED

walking north on the road, which is south of Vinland, and were keeping to the left hand side of the road, facing oncoming traffic. Miss Boldt, who was walking on the inside, was struck by Knight's car, which came up behind them, but the car missed Miss Bowers completely. Police say that the left side of the car struck the girl, although Knight had thought that she was on the right side of his car.

Knight appeared before Magistrate H. D. Hallett Monday charged with careless driving. He was remanded to Oct. 25, and freed on \$1,000 bail. Provincial Constable Gordon Collins of Grimsby, investigated.

BISHOP PRAISES LIFE

Great industry which has meant the livelihood of thousands. For 32 years he discharged his duty in a larger field in the Senate of Canada. We think of him also as a churchman. He saw all the Bishops of Niagara in office and pass, with the exception of myself. He was for 42 years a warden of St. John's and a delegate to the synod of the diocese.

"Our natural sorrow to those who knew and loved him is overcome by thanksgiving for his rich life and service and the Christian hope of the life in the world to come. We all thank God for him and we humbly ask that we may follow the good example of his life. May he rest in peace and may his memory inspire us all to a better life."

Interment was in the family plot in Stoney Creek Cemetery. Honorary casket bearers were: The Rt. Hon. Arthur Melchior, Toronto; Senator J. J. Donnelly, Pinkerton; Col. the Hon. C. W. O. Gibson, Hamilton; the Hon. Thomas L. Kennedy, Toronto; Maj.-Gen. S. C. Mewburn, Hamilton; Frank Leonard, M.P., Dundas; Frank Brown, Ottawa; J. P. P. Armstrong, London, England; the Hon. G. D. Conant, Ottawa; Egbert Smith, Winona; Fred Wallington, Smithville; Howard Crain, Port Dalhousie; Howard Ambrose, W. R. Dryden, Sr., and Thomas J. Mahony, of Hamilton.

Active bearers were five grandsons, Llewellyn Smith, Winona;

Alastair Smith, Winona; Douglas Conant, Weston; Roger Conant, Toronto; Thurston Smith, Toronto; and Jack Davies, of Winona, 30-year employee of the E. D. Smith firm, and the senator's chauffeur for many years, who represented the employees.

THE POPPY FUND

officials in this work, and no portion of the funds go to the Legion itself.

Canada cannot have been properly aware of the operation of the Poppy Fund as they, in their generosity are not behind any other country. Here is something to think about—in all Canada, with a population of twelve million, armbands and poppies are sold to the value of approximately four hundred thousand dollars each year. In Great Britain some forty million people make purchases to the value of twenty-four millions of dollars each year. This does not look good, especially in view of the difference in economic conditions. If Canada bought and contributed equally well as Great Britain, then our total would be six million instead of four hundred thousand.

Every household is asked to purchase a small wreath to help those who have served us, now require our aid, and in remembrance of those who gave their all in the hope that we might live in peace. Wreaths on view at R. O. Wilson and Son, Beamsville, Phone 60, and Lincoln Electric Company (Command "Bert" Constable), Phone 616, where orders may be left.

SECURITY PLAN

to the closing out of the activities of the St. Catharines-Lincoln County Citizens' Committee at the close of the present year and the taking over by the Legion of much of the committee's work.

After outlining the work done by the Committee since its inception at the inspiration of the St. Catharines City Council and the Lincoln County Council during the war, Mr. Judd stated that the St. Catharines Legion Branch was now in a position to take over the purely veteran aspects of the committee's work, and has pensions. He added that civilian establishments would now take care of such matters as unemployment.

The two Legion officials, on behalf of the Branch and veterans, expressed their warm appreciation and "profound gratitude" for the assistance given to veterans by the two financing municipal bodies.

Mr. Judd pointed out also that the Legion Branch will be put to considerable additional expense, over and above their budget, by the taking over of much of the work formerly done by the committee. He stated that the city council had made a grant of \$1,000 to cover the three-month transitional period and requested that a grant also be made by the county council. The request was referred to the finance committee.

The council was informed by H. R. Scott, Minister of Lands and Forests, that Nov. 5 and 6 were considered the best open dates for deer hunting in the district prior to the opening of deer hunting season on November 8. In a resolution passed at last month's session of the council, Lincoln went on record as opposed to the dates and in favour of October 27 and 28 as shooting dates.

Mr. Scott stated in his letter that dates set are the same throughout the province with the exception of Essex County and Pelee Island where the dates are October 26 and 28. He requested that the council reconsider its recommendation for a change in the shooting dates.

HIGHWAY VANDALISM

Officials at the Hamilton division Department of Highways, are on the warpath about vandalism along the Queen Elizabeth Way, particularly in the stretch between Hamilton and Niagara Falls.

They say that damage estimated at thousands of dollars is done every year in that area. Vandals have stolen and damaged signs, stolen electric light bulbs, stolen and smashed automobile counters, and even stolen sand from the side of the highway.

Latest incident was near Niagara Falls where a bus crashed into a barrier. Warning lights, placed there by the department, had been turned out by the vandals and the oil had been poured on the ground. Highway officials refilled the lanterns, then two hours later were called again. This time the lanterns were out, and had been filled with crankcase oil. Officials termed this vandalism "criminal."

WOLF CUB PACK

Jack Baisley was appointed Recorder of the Gray Six and received his armband at the opening ceremony.

Jon Hand, Lynn Lambert and Jack Fisher were presented with their Second Year Service Stars at the same time. Jimmy Gregory brought in a mounted collection of match covers and received his Collector's Badge after pinning his ribbon to the Totem Pole.

John Cimbs was invested and enrolled as a member of the Cub Pack.

Eric Mark was welcomed to the Grand Howl, having moved here from Montreal where he was a member of the St. Dominic's Pack. The First Star test in shipping was passed by John Dunham and Gordon Treschuk.

The results of the basket decorating contest were announced at the camp-fire ceremony by our old friends, Balon and Bagheera.

They had a most difficult time as the baskets were all as well done. However, they chose the basket of John Brooks as best, being decorated with a Cub pennant and the Cub knots in crepe paper. Jack Baisley's as second, was of a patriotic flag design and Barry Bourne's as third, decorated like a

WOULD PRESERVE THE
OLD BUTLER BARRACKS

Protests are mounting in Niagara-on-the-Lake and across the international border in adjacent New York State over a government proposal to tear down Butler's Barracks, 186-year-old galvanised iron building on the military compound at Niagara. The two-storey building was headquarters for General Butler and his troops, Butler's Rangers, when they sortied into the United States in the days of the American Revolution. When Americans captured Newark in 1813, Butler's Barracks was virtually the only building to escape the flames as they set.

Stuff
Round
Town

By GORD McCREGOR

On the very last night when the peak of two hundred and fifty bucks is offered on the Foto-Nite programme at the Beam Theatre, fifteen-year-old Jackie McKenna, King Street, Beamsville, was not present in the crowded theatre to hear his name called by manager Ralph Humphreys. However, the lucky boy had attended on the night previous, and so became eligible for the \$250.00 offer for his photograph. He will receive that sum to-night on the stage of the Beam.

Stormy protests have greeted the Hydro's rural power interruptions at a time when the noon day meal is being prepared. It does without a doubt present many difficulties in homes throughout the area affected. The Hydro's stand appears to be that at this time, it will really make people realize the urgency of the power shortage, and will perhaps make them move at other times of the day. Only when the quota allotted is met will the interruptions cease—no what's the use of beating your gums, chums.

Independence is a great thing. The only guy in Ontario to-day who can really be independent is the lucky fellow generating his own electric current.

A local night spot has been the scene of a couple of free, for all, with a couple of characters getting beat up. But good. Subsequent time the management had some protection from this kind of stuff. He's a right guy, attempting to run a respectable place of business. These kids who by some means obtain access to a couple of pints of beer or liquor, have got to be stepped on pronto. Two drinks and they consider themselves little supermen. Consider it their privilege to abuse the rights of a public place, destroy property, and in general rules proper—you know what.

It's about time that these types took the rap for alleged disturbances, and not the management.

The annual trek to the north by the good men of the district draws closer and closer. The deer hunters are a great bunch of boys—correction—the deer hunters are a great bunch of boys, going to great lengths to prepare for two weeks in the wild and woolly northland of Ontario. When men are men, and you don't have to worry about the power shortage.

Guns are oiled, warm clothing is prepared, and conservative business men who would never, never think of sitting in a draft are prepared to stand for hours on a run while the guide and his mongrel dogs attempt to flush a deer. My but it does get cool standing there in the elements with nothing to warm your inner self. Joke. If fish stories are often stretched, then tales from the hunting camps are elasticated.

"There I was four hundred yards away when this buck broke through a heavily wooded glade. I raised the trusty old 30-30 and with one shot brought the animal crashing to the ground. Hit him right in the front shoulder—just above the heart."

This could otherwise be interpreted as—I was standing there leaning on a tree, smoking my pipe—no danger from forest fires now—all of a sudden a big buck appeared forty feet away. I slowly lowered my rifle put the pipe in the night, took a careful smoke and without a touch of nerves I twinned the trigger. I mean I pulled the trigger. He fell dead at my feet.

Later upon examination it was discovered by his companions that there were six holes in the carcass. And furthermore upon closer examination, it was found that the animal had actually died from electric shock. Evidently a hidden hydro wire in this dense bushland.

Salvage collection, October 30th.
Legion Binge, Saturday night, Oct. 30th.

Mrs. Catharine Groe has sold her home and two acres of land on Maple Avenue to Mr. and Mrs. Zaleski, Hamilton.

Following provincial police investigation, a Dunnville district juvenile has been charged with theft of a watch from Mrs. Jessie Bigger, North Grimsby. The boy has also been charged with theft of another watch from Dunnville.

The Lincoln County Citizens' Committee will disband at the end of the current year. The work which it has been doing will be taken over by the Canadian Legion from March 1, 1949. This information was disclosed in the report of the finance committee meeting held on Oct. 4.

Thomas Burnham, 25, of Beamsville, has been sentenced at Hamilton to one year in reformatory on a charge of stabbing Thomas O'Brien in a Hamilton beverage room Oct. 8. Burnham told the court he was a full-blooded Mohawk Indian and said the trouble started when someone called him "nigger." He denied stabbing O'Brien but admitted striking him after someone hit him. Police found a knife in the washroom after the fracas.

Lions Club

A fair attendance marked the second fall meeting of the Grimsby Lions Club, held in the Oak Room of the Village Inn on Tuesday night, President Carm Milyard presiding.

A belated report was received from the Chairman of Ticket Sales for the successful Lions Carnival held this past summer. Chairman Earl Marsh announced that a total of \$1408.25 had been raised through the sale of tickets, establishing a new record in this department.

Members of the Club were split up into teams, and the winning team, captained by Lion Don Aude were presented with a most unique trophy. The success of Lion Aude's team was largely due to the efforts of one of its members, Lion Jim Walker. Mr. Walker is reported to have tramped the streets, the byways and highways, in an effort to sell tickets. He established a record that will stand for some time, being credited with selling no less than one hundred and four books. In appreciation of this outstanding sales effort a handsome hand tool of wallet suitably engraved was presented to Lion Walker on behalf of the Club.

The speaker of the evening was Harold Merritt, son of Lion Speaker Merritt. A veteran of the R.C.A.F. in whose service he served as a Flight Engineer in England. Associated with heavy type aircraft he made thirty trips over France and Germany. Strangely enough it was a motorcycle accident that nearly cost him his life that invalidated him back to Canada.

Since the war he has turned his vocation to the important and complex duties of air control, a branch of the Air Traffic Control whose job it is to guide the commercial aircraft flying over Canada's vast territories.

His address outlined the measures taken to guarantee the safety of air travel to-day, and the many intricate and valuable stations that are so necessary to the air line pilots as they wing their way across Canada with their human cargoes.

Lion Don Aude thanked the speaker for the most informative and graphic picture he had given to the Club.

U.K. APPLEIMPORTS

During the first six months of 1948 apple imports to the United Kingdom amounted to 2.21 million bushels compared with 3.23 million during the same period in 1947. Main suppliers in 1948 were Australia and New Zealand, neither of which exported apples to the United Kingdom in the first half of the previous year. On the other hand the principal exporters during the first six months of 1947, Canada (1.86 million bushels) and the United States (1.46 million bushels) completely dropped out of the British market in a first half of 1948.

Obituary

REV. F. W. HOLLINRAKE

The Rev. Frederick William Hollinrake, B.A., B.D., who organized and built the Delta Tabernacle in Hamilton, died on Saturday at his home in Toronto. He was 82.

Dr. Hollinrake was ordained in the ministry of the Methodist Church in Galt in 1896. In 1934 he resigned his ministry to do non-denominational work at the Delta Tabernacle. He retired in 1937 after a long career and moved to Toronto.

Born in Milton, he was educated at Milton Public School, Alberta College, Belleville, Victoria College, Cobourg and Toronto University. Besides Hamilton, Dr. Hollinrake held charges in Washington, Ont., Grimsby, Woodstock, Windsor and Owen Sound.

In 1904 he married Emma Mary Acheson, who predeceased him. Surviving are two sons, Harold A. Hollinrake, of Toronto, and Dr. Allan F. Hollinrake, of Hamilton; two brothers, Harry and Charles, of Toronto; and two sisters, Miss Mary Hollinrake, and Mrs. Gertrude Brick, of Vancouver.

JACK MORLEY

A very popular and well known resident of St. Catharines, Jack Morley, beloved husband of Da Stricker, passed away suddenly Thursday morning at his home, 31 Ambrose street, following a heart attack.

In his 28th year, the late Mr. Morley was born in Renfrew, Ont., and had resided in Beamsville for many years. Prior to establishing residence in this city he was in the employ of the Government Printing Bureau at Ottawa for 12 years. He had been employed for the last year and a half with The St. Catharines Standard as a linotype operator and was well liked by his fellow employees for his cheerful and engaging personality.

In religion, he was a member of St. Thomas' Anglican Church and was also a member of Crescent Lodge, L.O.O.F., Hamilton.

To mourn his passing he leaves besides his sorrowing widow, one son, Stanley; one daughter, Carol Ann; his parents, Mr. and Mrs. Richard Morley, Beamsville; one brother, Robert Morley, Hamilton, and one sister, Mrs. Garnet Claus (Dorothy) of Ottawa.

The late Mr. Morley resided at the Hulse and English Funeral Chapel where services were held on Sunday afternoon at 2:30 o'clock. Interment was made in Queen's Lawn Cemetery, Grimsby.

LEGION JOTTINGS

Last Sunday was the District "B" Convention at Dundas, which proved a most interesting and instructive session. The Branch was represented by two voting and eight fraternal delegates. District "B" area covers Norfolk, Hamilton, West-

worth, Brantford, Oxford, Lincoln, Welland and Halton Counties. 26 Branches were represented by 220 delegates.

All members are asked to further the sale of wreaths and poppies by any means possible. This year we want to beat all previous records, which on a per capita basis of the population has not been good.

The monthly General Meeting was held last night at the Legion Club. Several important questions were up for discussion. There was an installation ceremony for new members.

COMING EVENTS

Saturday, October 30th, Salvage Collection in Town and Township.

Saturday, October 30th, Bingo Game, Moose Hall, at 8 p.m.

Sunday, November 4th, Poppy Day, all across the British Commonwealth of Nations.

Sunday, November 7th, Decoration Day in Grimsby.

Thursday, November 11th, Remembrance Day. Decoration Day in Beamsville.
